## GETS WRIT FROM COURT

Thaw Will Be Brought Up  
for Hearing Next Tues-  
day and Jerome Expects  
to Win.

(ASSOCIATED PRESS TELEGRAM)

Sherbrooke, Aug. 30.—Harry K. Thaw will be produced in court here again on Tuesday morning next, on a writ of habeas corpus, obtained today in behalf of Chief of Police Boudreau of Coaticook, who arrested him after his flight from Matteawan. Superior Judge Hutchinson granted a writ on the application of Samuel Jacobs, chief counsel for the New York state interests. It was an eleventh hour move taken to defeat Thaw's lawyers, who have succeeded in keeping him in jail, safe from the immigration authorities. Those of the Thaw lawyers who were in town, Charles D. White and Harry Faser, bitterly opposed the application, but Judge Hutchinson said he would thresh the matter out in open court at 10 a. m. Tuesday. Thaw was ignorant of today's developments. His lawyers even did not of it until a report of the contemplated move sent out last night was telegraphed back from Montreal. His chief lawyer, R. N. Green-shields, immediately chartered a special train in Montreal in hope of checking the proceedings. The writ had been issued, however, before his arrival.

Boudreau asked for the writ on the ground that as the original captor of Thaw he might be liable for damages should Thaw's arrest prove illegal. W. T. Jerome, who worked out this latest attack, was jubilant. He hopes that the writ will be sustained and that on Tuesday Thaw will be in hands of the department of immigration for deportation to Vermont.

Any citizen may apply for a writ of habeas corpus when he thinks a prisoner is detained illegally and as Thaw is locked in the Sherbrooke jail on an admitted faulty commitment, those seeking his deportation hoped to obtain a writ from Superior Judge Hutchinson, who came to Sherbrooke yesterday, unannounced, from his vacation.

E. Blake Robinson, assistant superintendent of immigration, was returning to Montreal with four inspectors when he saw Mr. Jacobs leap from the train at Magog. The train had started again before he learned why the lawyer had gone and he had to finish the trip to Montreal. There he turned about immediately and reached here after 3 o'clock this morning.

Should the writ be sustained the immigration authorities could at last get their hands on the Matteawan fugitive and he would be deported to Vermont. There would begin the fight for his extradition from Vermont to New York.

Judge Hutchinson reached his chambers shortly after 10 o'clock. Meantime the Thaw lawyers had got wind of the affair and hurried to the courthouse.

## EMPEROR SAILS.

(ASSOCIATED PRESS TELEGRAM)

New York, Aug. 30.—With few traces remaining from the ship which damaged her hold last Thursday morning and cost the life of one of her officers, the Emperor sailed on scheduled time today with cabins well filled. The ship had been thoroughly inspected and pronounced in good condition.

Fitzgerald Badly Hurt When  
Automobile Goes Over Bank;  
Mayor Swartz's Son a Victim

James Fitzgerald lies at the city hospital in a critical condition as the result of an automobile accident Friday night. Harold Swartz, Fred Simpson and C. O. Butt are suffering injuries from the same accident and Mrs. Fitzgerald is suffering from nervous shock received when she read the bulletin saying her son was injured.

C. O. Butt of Granville is the owner of the car and was driving it Friday night when it went over a fifteen foot embankment and turned over, pinning Fitzgerald under the rear seat and dropping squarely over the driver, who is practically uninjured. No part of the car striking him. The accident occurred near Central city.

The party consisting of the Granville driver and the three Newark men were en route to Columbus. Near the red school house, where the road divides, Butt failed to make the turn and the machine

WOMEN SUCCEED  
IN DARING CLIMB

(ASSOCIATED PRESS TELEGRAM)

Bretton Woods, N. H., Aug. 30.—Climbing to the summit of Mount Washington, over the dangerous trestle of the mountain railway late at night, Mrs. W. G. Honford and Mrs. Beatrice Recknadel, of New York, accomplished a feat never before undertaken, it is said, by women. The ascent was made as the result of a wager.

The two women reached the mountain top about 10 o'clock, having covered the distance of five miles in four hours and a half. They remained at the house there until morning when Mrs. Honford's husband arrived in his motor car and took them to their hotel.

CAMINETTI TRIAL  
ADJOURNS 3 DAYS

(ASSOCIATED PRESS TELEGRAM)

San Francisco, Aug. 30.—There was no session today in the trial of F. Frew Caminetti, charged with the violation of the Mann White Slave law, adjournment having been taken yesterday to next Tuesday. On that day Maury I. Diggs, companion of Caminetti on their trip from Sacramento to Reno, with Marsha Warrington and Lola Norris will be sentenced, having been convicted last week.

BOILERS  
BLOW UP;  
8 KILLED

(ASSOCIATED PRESS TELEGRAM)

Pittsburg, Aug. 30.—Capt. Thomas Flaherty, pilot Harry Donaldson and six of the crew the towboat Alice, were killed this morning and six other rivermen were injured when the boilers of the Alice exploded. Some of the bodies were recovered, and the injured were brought to the marine hospital here by the steamer Harriet which happened to be near the scene of the accident in the Ohio river at Dam No. 2 at Corapolis, Pa.

Many of the crew were the rivermen type whose names are seldom known to officers of the boat and for that reason some difficulty would be experienced in securing a complete list of dead.

The Alice, a towboat belonging to a sand company of Pittsburg, was towing a fleet of barges and was within a thousand feet of the lock when the boilers let go. The men were not actually killed or so badly injured that they were unable to move made their way forward but within ten minutes after the explosion nothing but their stumps were above the water and survivors were struggling in the stream. Boats put off from shore and the injured were rescued as the Harriet steamed up. Of the entire crew of 14 men not one is known to have escaped death or injury.

TROOPS SENT  
TO PROTECT THE  
COPPER MINES

(ASSOCIATED PRESS TELEGRAM)

Calumet, Mich., Aug. 30.—Company F of Saginaw, stationed at the Wolverine mine, was called out early today to protect a party of deputies at No. 3 shaft, South Keweenaw mine, from an attack by a large number of copper mine strikers and women. The women split in the faces of the deputies. The soldiers rescued the Alton fireman, who was attacked by strikers on his way to work. The strikers took him from a street car and were beating him when the militia arrived. The strikers and the women sympathizers at the Champion mine resumed their attacks on nonunion men today, striking them with brooms dipped in filth and throwing missiles. One man was badly beaten and three women were arrested.

Another big parade of strikers was held in Calumet this morning.

RECORDS  
WILL BE  
BROKENRacers For Elgin Trophy  
Make Fast Time in  
Early Laps

## TWELVE CARS STARTED

Fifty Thousand People are  
Drawn to Tracks by Ele-  
ment of Danger in the  
Events—A Close Contest.

Elgin, Aug. 30.—The automobile race for the Elgin trophy today with 100 miles or a third of the distance completed, developed one of the closest and fastest road contests ever run in this country. The leaders were making 72 miles an hour and frequently better, with Anderson in a Stutz leading.

Twelve cars started and at the 100th mile only 16 minutes separated the leader from Grant, the tail-end. That the previous record of 68.4 would fall was regarded as a certainty. The crowd brought out by the attraction was estimated at 50,000.

Standing elapsed time at 100 miles:

Driver	Elapsed Time
Anderson	1:22:27
Wishart	1:25:43
Mulford	1:26:20
Haupt	1:27:24
Burman	1:27:30
Bergdoll	1:27:56
De Palma	1:29:46
Dawson	1:32:24
W. Endicott	1:32:51
Grant	1:38:51

The greater throng was attracted, perhaps, by the elements of danger which were present. The men drove their racers at a mile a minute speed for nearly five hours yesterday.

They started out to repeat their performance today. Their hands were blistered in holding the machines to the course and they felt the effects of the journey in every muscle. This was especially true in the case of Harry Endicott, who fainted while on the thirtieth lap. He said he felt much better after a good sleep and that he expected to finish better than third, the position he was in yesterday when he succumbed to the strain. Ralph De Palma, who was bleeding at the nose when he finished yesterday, had put a cushion on the driver's seat to relieve the jar on his spine. The car which Dawson piloted into second place yesterday was withdrawn. One of the wheels has a cracked hub and two have poked rims from running on flat tires. Dawson, De Palma, Grant and Anderson were the favorites with the crowd.

Rickenbacher went into a ditch shortly after starting and was out with a broken axle. Wishart took the lead in 08:51.

Wishart drove the first 25 miles at the rate of 75.3 per hour.

GIRL IN MAN'S  
ATTIRE DRAWS  
BETTER MONEY

(ASSOCIATED PRESS TELEGRAM)

New York, Aug. 30.—From a cell in the Raymond street jail Elizabeth Trondle, a Brooklyn girl, appealed today by letter to President Wilson to issue her a permit to dress as a man.

"If I can appear as a man do a man's work I shall be more respected and better paid," reads her letter to the president. "It's no crime for a female to wear male attire, yet I am locked up in jail because I did so. I want a permit from you or some one else to wear the costume I have adopted."

Miss Trondle, arrested for masquerading as a man, had been working in male attire at a book bindery. She claimed that because of her dress she received far better wages than a woman.

FATALITIES ON THE  
FOURTH REDUCED

(ASSOCIATED PRESS TELEGRAM)

Chicago, Aug. 30.—Twenty persons died in Fourth of July celebrations this year, fewer than in any year since statistics was begun of the injuries by fireworks.

The Journal of Medical Association published today compares this total to that of 466 in 1903, the first year the association counted the victims and gave rise to the prediction that the "annual orgy of death and destruction will soon cease."

Of this year's victims, thirteen, most of them little girls, were burned to death when their clothing caught fire. Two of these accidents were caused by supposedly harmless "snapper" matches.

The non-fatal injuries this year were 1,131, as against 947 in 1912, and 3,183 in 1903.

Judge M. H. Donahue May  
Become Chief Justice  
of Ohio Supreme Court

JUDGE M. H. DONAHUE.

Indications are that Judge Maurice H. Donahue of the supreme court of Ohio, well known to every Licking county barrister since his several years of service on the bench of the circuit court of this district, will be elevated to the position of chief justice of the Ohio supreme court, under terms of the Frieborn act and the constitutional amendment.

It is current gossip in political circles that Lieut. Gov. Hugh L. Nichols is to be elevated to the justiceship to take the place of Judge Donahue.

Donahue's selection as first con-

stitutional chief justice of the Ohio supreme court comes as the reward of long years of work. He was born in the mining district of Perry county and swung a pick in a coal mine before he was well started in his teens.

Driven forward by a thirst for wider experience, Judge Donahue studied at night and gained sufficient education to teach school. With this work he carried a law course. A few years found him a practicing lawyer. The first large political honor that came to him was election as circuit judge. He was on the bench when elected three years ago as judge of the supreme court.

RESIDENCE OF  
SIGNERS PROVES  
TO BE A RIVER

(ASSOCIATED PRESS TELEGRAM)

Columbus, Aug. 30.—Attorney Geo. M. Fell, who represents the attorney general's department at Toledo, and who has been investigating the names shown on referendum petitions filed from that city, declared at the inquiry before Secretary of State Graves today that in his judgment from 30 to 50 per cent of the names of the Warnes and Kilpatrick petitions and about 50 per cent of the names on the Green law petitions were bad. He said that the character of many of the men who circulated the petitions was anything but good. He said that many of them were "saloon loafers," eight of these are under indictment for perjury, and twelve others who are wanted have skipped out, he said.

Otto W. Broth, a clerk of the Lucas county election board, said that he had gone over the names on 10 petitions and found most of them spurious. Developments today indicated that the Toledo court house was still leading as the place of residence of petition signers. The breweries and Maumee river, however, were pushing the court house hard for first place, and evidence yet to be taken may make a shift in the order.

This was the comment made by attorneys for the state at the conclusion of today's hearing.

LIGHT VOTE

(ASSOCIATED PRESS TELEGRAM)

Columbus, Aug. 30.—Apathy which has marked the special registration in this city presages a light vote in the primaries to be held on next Tuesday, when candidates on the various tickets to be voted on at the November primaries will be nominated.

Former Mayor George S. Marshall, who is seeking the mayoralty nomination in the Republican primaries will not close his campaign until Monday night. Mr. Marshall issued a statement today predicting his own nomination. Rossiter J. Williams, who is opposing Mr. Marshall said he expects to win the nomination by a handsome majority. Daniel J. Ryan and others of the anti-Marshall organization, have severely attacked the former mayor in their public speeches, declaring that Marshall's nomination would insure the re-election of Mayor George Karb, who is without opposition in the Democratic party.

BAG OF SILVER IS  
STOLEN; TWO HELD

(ASSOCIATED PRESS TELEGRAM)

St. Charles, Minn., Aug. 30.—Two men giving their names as J. C. Ball and W. C. McGinn of Rochester, N. Y., are being detained at the city jail pending an investigation of the theft of \$1,000 in silver from the local depot yesterday while the station agent was at dinner. The money was contained in an express package consigned to a local bank. A posse captured the men last night about ten miles from town. The men denied all knowledge of the theft and asserted they won at gambling. Nearly \$100 in silver was found in their pockets.

VISCOUNT HALDANE  
VISITS WEST POINT

(ASSOCIATED PRESS TELEGRAM)

New York, Aug. 30.—A visit to West Point was foremost today on the program of the Viscount Haldane, lord high chancellor of England, who reached here yesterday for a five days' visit to America. After a reception and luncheon at the home of Colonel Tuxley, superintendent of the military academy and a review of the corps and cadets, Lord Haldane expected to leave on a special train for Albany.

In the first interview given newspapermen since his appointment, Lord Haldane discussed freely on his arrival, the topics of the day, but balked at giving his opinion as to the outcome of the situation in Mexico.

Announces That Friends are Working in His Behalf in  
His Native Country—He Delays His Trip to Japan—  
Missionaries Ask Permission to Remain in Mexico.

(ASSOCIATED PRESS TELEGRAM)

New York, Aug. 30.—Senor Sebastian Camacho, president of the Mexican senate, has sent a message from James Scrymser of New York, president of the Mexican Telegraph company, requesting him to protest to President Wilson against the withdrawal of American citizens from Mexico. The message, made public here today, declares that the American colony in Mexico "is satisfied and tranquil" and that tremendous damage will result from its withdrawal.

"There is great alarm here," reads the telegram, "over the American government's order for the withdrawal of all citizens of the United States residing here. You will understand that here is no reason for this order."

"The American colony of this republic is the most numerous of those among us. In its totality and with very few exceptions it is satisfied and tranquil, dedicated to its work and attending to the necessities of its life being respected and esteemed throughout the country. It would be seriously prejudiced in its welfare and its financial interests were it to abandon a country in which it is considered and esteemed and where it has acquired numerous and cordial relations."

"The present government of Mexico is a constitutional government whose public powers in most part have been in operation since 1910 and, in the Senate and Supreme court of justice and in the public office and in all parts, many of the public functionaries have been figuring first with the government headed by General Diaz, later with that of Mr. Madero. Very few exclusive privileges have been granted by the present government, which later is advancing daily in the re-establishment of the national territory."

"The army now counts 80,000 men with an armament and a command truly notable, through which it has triumphed and continues triumphing in the daily combats with the enemy who are disappearing or submitting to the legitimate authority of the republic."

"I do not doubt that the President of the United States and his truly just government will consult with the principal members of its colony here regarding the truth of what I say."

"The American colony, which reached 40,000 persons, I am sure, will suffer enormous damage to its interests and its well being should its members violently abandon a country in which I repeat, they are considered and esteemed on all sides."

"I beg that you will acquaint President Wilson with what I have stated, calling his illustrious attention to the tremendous damages which will result from his determination for which in all loyalty, I state there is no reason and which undoubtedly has been dictated against the sentiments of justice, of right, and of human consideration, not by the elevated sentiments of a man as distinguished as the president of the United States but through simple ignorance of what is actually transpiring in Mexico."

## DIAZ A CANDIDATE.

(ASSOCIATED PRESS TELEGRAM)

London, Aug. 30.—"I am now definitely a candidate for the office of president of Mexico," General Felix Diaz, who recently arrived here from Canada, told the Associated Press this morning.

"My friends in Mexico are working in my behalf," continued General Diaz. "Unfortunately at this distance I myself am unable to do

much, but I am awaiting instructions which may simplify matters. Even if I am ordered to proceed to Japan it is not certain that I shall go there. My action will depend upon developments in Mexico."

General Felix Diaz apparently is pleased with the course of events in Mexico. He said the contention that Victoriano Huerta's candidacy for presidency was barred by the Mexican constitution was quite correct. He declared the fact that he was still an official representative of the Mexican government barred him from discussing President Wilson's message or the Mexican reply.

## MEXICANS AT IT AGAIN.

(ASSOCIATED PRESS TELEGRAM)

Douglas, Ariz., Aug. 30.—A battle between federal and constitutional troops of Snola is raging near Tepolobampo, according to advices received at junta headquarters here today.

The message said 1,000 federals were engaged by the state troops shortly after the Huerta forces disembarked from a transport Thursday.

## MISSIONARIES REMAIN.

(ASSOCIATED PRESS TELEGRAM)

Nashville, Aug. 30.—Several southern Methodist missionaries who have been ordered from Mexico since President Wilson's message was published have wired to the mission board in Nashville that they be allowed to remain at their posts. The board had taken no action on the requests today.

The Southern Methodist church usually maintains 46 missionaries in Mexico, but during the last three years the number has dwindled to 25, posted at several points.

The Southern Presbyterian mission board has sent no orders to its six Mexican missionaries since publication of President Wilson's message.

Cleveland, Aug. 30.—John Dougherty, 27, died in a hospital here today from a bullet wound in the abdomen inflicted Tuesday night by Thomas Patterson, a Lake Shore and Michigan Southern railroad detective.

Patterson shot Dougherty while in a Lakeside avenue saloon. He claims that Dougherty attempted to hold up the bartender and patrons of the saloon.

Central Committee Urges  
Great Care in Filing Papers;  
Be Sure They Are Correct

Committeemen and petitioners

from the townships should take no chances on having their petitions thrown out as irregular when it is too late to correct errors. The last moment for filing nominating petitions is midnight next Friday.

Such was the import of a meeting of the Democratic county central committee, held in the convention room of the courthouse Saturday afternoon at the call of Chairman James J. Hill of Johnstown.

Chairman Hill warned all members of the committee present and urged them to pass the word along in the next few days to see to it that petitions are submitted to officers of the county election board to make sure that they are correct.

This should be done, said he, early enough that the corrections could be made before time to file petitions next Friday. He suggested it would be best for committeemen to see that petitions were gathered in on Thursday and personally delivered to the election board on Friday.

Importance of investigating the nomination petitions in ample time before the date for filing was emphasized.

The question was raised as to what shall be done in case there are certain officers for which no candidates are nominated. In answer it was explained that a ruling of the authorities is to the effect that in such cases present incumbents continue in office until their successors are duly elected and qualified.

# WONDERFUL CURE OF SCALP DISEASE

Hair Came Out in Patches, Goodhair Soap Brought Prompt Relief.

"I have had Eczema on my scalp for twenty years. Have doctors with special treatment, but with no permanent good results. The first time I used Goodhair Soap my hair came out in patches as large as a silver half dollar. I was scared and thought I wouldn't have any hair left. I continued to use it, and after three months, all those bald spots are covered with a good growth. My hair is better than ever. I have no Eczema, and my scalp never itches."

Yours respectfully,

## DE PALMA BEATS JOE DAWSON BY A SMALL MARGIN

Elgin, Ill., Aug. 30.—Two veteran drivers shared the honors of yesterday's road race for the Cobe trophy—Ralph DePalma and Joe Dawson. The former won the 302-mile grind in 4:21:56, but Dawson was only slightly behind, going the distance in 4:30:00. DePalma drove a Mercer, while Dawson piloted a Daimler, a new car. The course is approximately 1-1/2 miles, requiring 30 laps to complete. William Chandler had driven his Mason car 33 laps, when Starter Wagner signalled that the contest was at an end and third money went to miles.

DePalma's average, 68.8 miles per hour, is slightly better than the previous record for this event, which is an annual preliminary to the Elgin National, to be run with 15 big cars today.

## Today in Pugilistic Annals

1909—Jim Corbett knocked out Kid McCoy in 5th round at New York. Brief as it was, this bout will always be memorable as the best exhibition of clever and scientific boxing ever witnessed in the history of the "manly art." McCoy had long been after Corbett, and there was much bad feeling between the men and their backers. The Hoosier "Kid" never did exactly hate himself, and in his egotism, he firmly believed that he was a better man than the ex-heavyweight champion. He weighed about 162 pounds when he entered the ring, and was in the pink of condition. For five rounds the fans gloried in an exhibition of fast, brainy boxing, and then "Gentleman Jim" put over the big slam.

1912—Marty McFurt defeated Harry Forbes in 10 rounds at Racine. 1912—Joe Jeannette knocked out Earl Jones in 2nd round at New York.

# THE DEAREST BABY

Mrs. Wilkes' Fondest Hopes Realized—Health, Happiness and Baby.

Plattsburg, Miss.—“Lydia E. Pinkham's Vegetable Compound has proved very beneficial to me, for now I am well and have a sweet, healthy baby, and out home is happy.”

“I was an invalid from nervous prostration, indigestion and female troubles.”

“I think I suffered every pain a woman could before I began taking Lydia E. Pinkham's Vegetable Compound, and I think it saved this baby's life, as I lost my first one.”

“My health has been very good ever since, and I praise your medicine to all my friends.”—Mrs. VERA WILKES, R. F. D. No. 1, Plattsburg, Miss.

The darkest days of husband and wife are when they come to look forward to a childless and lonely old age.

Many a wife has found herself incapable of motherhood owing to some derangement of the feminine system, often curable by the proper remedies.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

# OHIO GETS MOST OF ROAD MONEY FROM UNCLE SAM

According to a dispatch from Washington, Ohio has taken the lion's share of the \$500,000 appropriation for the good roads, carried in the last share of the \$500,000 appropriation for the first report submitted to congress by Postmaster General Burleson and Acting Secretary of Agriculture Callaway.

Of this appropriation Ohio will eventually get \$120,000, with the proviso that an additional \$240,000 be raised within the state. The Licking county board of commissioners are now considering their share, \$140,000, for improvement of thirty miles of the national pike under this plan.

The arrangement would give a fund of \$380,000 with which to construct a model road, which has already been designated, 49.45 miles long, from Zanesville to Columbus. Commissioners of Muskingum county have approved the plan and voted their share of the cost.

W. A. STEWART,  
251 Race Street.

Democratic candidate for Mayor. For over 25 years a resident of Newark. Solicits your support for the above office at the primaries next Tuesday.

# FOURTH WARD VOTERS PLEASE TAKE NOTICE

To Voters of the Fourth Ward:  
Next Tuesday, September 2 will be primary election day at which time a Democratic city ticket will be nominated. My name will appear upon the ballot as a candidate for member of the city council from the Fourth ward and while I have not personally solicited a single vote and shall not do so, I feel that a statement of facts may serve to enlighten the voters of the Fourth ward and in case the electors select me as their candidate, I shall, if elected in November, continue to serve my constituents and the city to the best of my ability.

I am a candidate for second term. I do not solicit support upon promises of what will be done, but submit my record in the council and ask each voter to examine the record and decide from what has been done whether or not I am entitled to a second term.

The legislation for paving Linden, Riley, South Union and Maholin streets is completed and the necessary legislation for paving South Williams street is almost finished.

The city council has authorized construction of the Hollar ditch at a cost of \$60,000.

Watchmen have been placed at the Pine and Williams street crossings. Of the five miles of new sidewalks constructed last year, half of it was laid in West Newark.

This record speaks for itself. Then the attention of Fourth ward voters is called to the fact that Muenz fathered the 18c gas ordinance, was instrumental in securing an increase for police and firemen and fought in council for a union man at union wages for waterworks pipeline man.

These few paragraphs will serve to show that Muenz has throughout his first term worked consistently for the interests of his constituents and for the city's welfare. If this record deserves another term, the voters of the Fourth ward are invited to place an X mark to the left of Frank Muenz's name on the ballot next Tuesday.

Respectfully submitted,  
**FRANK MUENZ.**

# FELLOW DEMOCRATS:

In announcing my candidacy for City Auditor and soliciting your support, I want to assure you that my many years of service as train dispatcher and accountant for the Baltimore and Ohio railroad has well equipped me to serve your best interests. As this is my first effort for recognition by the party in a life-long service in its ranks and that my opponent has twice been elected to this office, besides having served a year of his predecessor's time, and is now seeking a THIRD elective term, I feel that asking for this honor is within reason and earnestly urge that I be given your support, for which I shall ever be grateful.

Yours in democracy,

# MOOSE LODGE BUYS PROPERTY FOR NEW HOME

A deal has just been closed whereby the trustees of the Loyal Order of Moose, No. 499 have purchased the Kellenberger property on South Second street, below the canal. The trustees are Lee Riley, Charles Roeser and W. V. Jordan.

The lodge will not occupy the building for six months or a year, but some repairs will be placed on the building immediately and the revenue from three store rooms will go toward the building fund. Later the building will be remodeled and an up-to-date club and lodge rooms will be installed.

# BLISS STOPPED WHEN GUN SPOKE

Hermann Bliss will run away from the office no more. His sentence was not a hard one. It was punctuated with pistol shots. Officer Heck doesn't let boys get away from him so easy as you might think. Bliss paid the costs.

Thursday night at 11:20 Officer Heck found a young man loitering around the square. He approached the stranger, who showed his heels and his bad judgment in flight. The officer ordered him to stop but Bliss continued to fade away as rapidly as possible. Then Heck opened the artillery and Bliss showed the white flag and retreated to the city prison where he was given \$5 and costs for resisting an officer. He said he was waiting for a car. The fine was suspended. Bliss is a stranger here.

At that time Mr. Beggs will have conferred upon him the honorary thirty-third degree of Masonry, the highest honor within the order.

Mr. McCune is a member of the supreme council, and will leave three days in advance of Mr. Beggs, going a week from next Wednesday to engage in committee work.

# EXERCISE CARE IN PRESCRIPTIONS

The same care should be exercised in the choice of a druggist as in the selection of a physician. The compounding of your prescription is equally as important as the prescribing. The City drug store is thoroughly equipped in every way to take care of any need you may have for anything in the drug line. With three registered pharmacists in constant attendance you are assured that any prescription you may bring or send will receive prompt and accurate attention. The City drug store is noted for the purity and freshness of its drugs and keeps constantly in stock everything that could possibly be required in the drug line. It carries a splendid line of household remedies of all kinds and every kind of dependable rubber goods, and all things needful for the sick room. Bring your next prescription to the City drug store.

## FARMER QUILTS AFTER 4 YEARS AS RECORDER

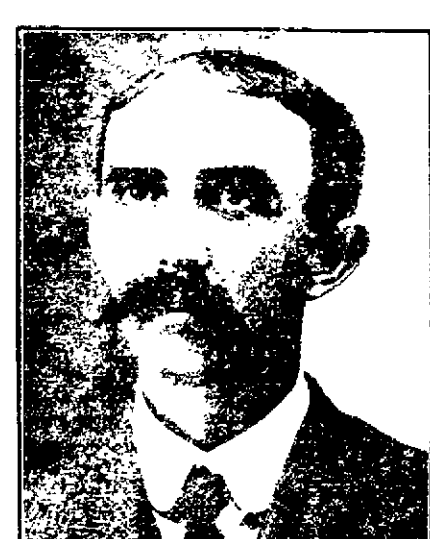

County Recorder J. M. Farmer retired Saturday to private life, after four years of faithful service in the office for which Licking county voters twice chose him. Deputy Sheriff Carl Martin, recorder-elect, will assume his duties Monday morning.

CARL MARTIN, Deputy sheriff, who becomes new Recorder next Monday.

Martin announced Saturday he will continue Mrs. Ella G. Connell in the office as deputy, and will appoint as his new clerk, Miss Mary B. Taylor.

It was a touching farewell that county officials rendered the retiring recorder Saturday, in the presence of a few visitors and court house newspaper men. When they presented him with a costly mahogany rocking chair. The chair is constructed with leather back and leather seat. On behalf of the county officials, it was presented at 11 o'clock Saturday morning by Clerk Court B. O. Horton.

ton, with a few appropriate remarks in which he expressed the regret with which Mr. Farmer's associates view his departure from the court house.

Taken entirely by surprise when the office was suddenly crowded with spectators, Mr. Farmer, choking with emotion, said words could not express his appreciation of the sentiment borne by the gift. He concluded with a smiling assurance to his friends that he would gladly spend a portion of his remaining years in the rocker presented by the county officials.

He announced that he would devote his immediate time to completing arrangements for the Licking county fair, which opens the last of next month, after which he would give his attention to his pretty country place north of Newark.

## Daddy's Bedtime Story

Naughty Puppy  
Dog Carlo  
Runs Away.

THERE was a merry laugh in the hall, a rush into daddy's room, and that patient person knew that it was again time for Jack and Evelyn's bedtime story.

"And what shall it be?" he asked as he laid his book aside, for Jack and Evelyn had ideas about stories.

"Anything you will think up for us tonight," the children answered. "Very well," he replied. "I think I'll tell you about Carlo. He was a lovely fat puppy, and his mother, Mrs. Beauty, was very proud of him.

"You must never, never go outside the yard alone," Mrs. Beauty told him. "One morning Carlo was playing in the yard with an old slipper which his mistress had given him. Carlo shook and bit the slipper just as he had seen his mother shake a rat. It was lots of fun.

"Just then Tom, the butcher's boy, came in with the package of meat for the cook. He seemed in a great hurry, and he did not look at Carlo. The puppy ran after him to the gate, expecting to be noticed, but I suppose something had happened to Tom that morning, for he went out so much as looking at his little dog friend.

"Wow, wow, wow!" yapped Carlo indignantly.

"As he stood peering after Tom, Carlo noticed that the gate stood ajar. In his hurry to go the butcher's boy had slammed it and gone off without waiting to see whether the latch was caught.

"I'll run after him," Carlo thought. Out he darted and trotted in the direction he had seen Tom go. But Tom was not in sight.

"Dear, dear," yapped Carlo; "that boy might wait for me!"

"And he ran as fast as he could until he caught up with a boy walking along and whistling in front of him.

"Wow, wow!" said Carlo, and the boy looked around.

"Hello!" exclaimed the boy, and he looked at Carlo. "That looks like Nellie's puppy!"

"Oh, wow, wow!" yelped Carlo as he started to run away. He wasn't ready to go home yet.

"But Cousin Dick just picked him up and tucked him under his arm. And that is the way Carlo went home.

"At the gate Mrs. Beauty was waiting for her son. When she saw him coming under Dick's arm she began barking her scoldings. Nellie came running to see what was the matter.

"Sorry? Oh, yes!" Carlo said he was sorry and he would never do it again, but Mrs. Nellie made up her mind not to take her eyes off him in a hurry, so it was some time before he got into trouble again.

## M. M. TAYLOR

Announces the Policy He Will Pursue if Elected Mayor of Newark.

"I am a candidate for Mayor of Newark, and upon the eve of the primary election, I believe it only fair to all concerned to give to the electorate my views as to a policy which will be mine if elected.

"I am in favor of a sane and conservative application of the law to conform with the customs of the community with due regard to the rights and privileges of every citizen, and not of any one class, remembering that the true and just intent of all laws gets its inspiration from the Golden Rule.

"Let us have an honest, efficient, and impartial administration of a government of the people, for the people and by the people, and I shall to the best of my ability endeavor to give this city such a one.

"I endorse civic, and sanitary improvements at all times for the betterment of Newark.

"I continue to endorse union labor at all times.

"As it will be physically impossible to have personal interviews with every voter, I will heartily appreciate the support of all who believe in the platform outlined above."

Very Respectfully,  
MILTON M. TAYLOR.

# ERUPTION ALL OVER CHILD'S BODY

Began With Small Red Spots. Cried Almost Day and Night. Used Cuticura Soap and Cuticura Ointment. Well in One Week.

R. F. D. No. 2, Jackson, Mo. — "Our daughter who is ten months old was suffering from an eruption all over the body. In the beginning they were small red spots and afterwards turned to bloody sores. We tried all sorts of ointments but they did not procure any relief for our child. She had no rest day or night and we tried everything to procure relief for our baby. She cried almost day and night and we scarcely could touch her, because she was covered with sores from head to foot.

"We had heard about the Cuticura Soap and Ointment and made a trial with them, and after using the remedies, that is to say, the Soap and the Ointment, only a few days passed and our child could sleep well and after one week she was totally well."

(Signed) August F. Bartels, Nov. 25, 1912.

## TO REMOVE DANDRUFF

Prevent dry, thin and falling hair, allay itching and irritation, and promote the growth and beauty of the hair, frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, afford a most effective and economical treatment. Sold by druggists and dealers everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

## Society

One of the many picnic parties that left on the Interurban car Thursday, "picnic day," was the Ladies Diversion club, which held its annual picnic at "Madison View Farm," the country home of J. P. Lamo, east of the city. The jolly crowd, with well-filled baskets, were met at Gay Lick by the "Madison View" van and enjoyed a pleasant drive to the home where the day was most enjoyably spent. Various amusements featured the day's outing. At the noon hour large tables were arranged on the spacious lawn where a delicious picnic dinner was served fifty members and guests.

On Monday, August 25th, Mrs. John Graff of Hoover street, was the honor guest at two social functions. In the afternoon twelve of her friends gathered at the home of Mrs. John Evans and in the evening another company gave her a complete surprise at her own house. In the afternoon cards were played and a picnic lunch was served and in the evening music and a good social time was held and at a late hour ice cream and cake was served. The occasion was the birthday of Mrs. Graff and she was the recipient of many beautiful and useful presents.

The Woodbridge home in South First street was prettily arranged with a profusion of garden flowers on Friday afternoon when Mrs. J. Howard Jones entertained a company at bridge.

The conclusion of the game found the trophy, awards belonged to Mrs. Frank Bolton and Mrs. Ralph Wyeth.

Mrs. Jones' guests were: Mesdames Fulton Van Voorhis, Malcolm Baker, Jessie Elliott, W. G. Corne, William Gardner, Ralph Wyeth, Frank Webb, John Franklin, Fred Mosteller, Frank Bolton, Jerome Ferguson, C. Harrington Davis, George Graesser, Edward Williams, Lawrence Kreig, Tom Daly, Clark B. Hatch, Roderic Jones, Fred Woodbridge, Nelson Pierson, Dennis McNair, Charles Smith, Charles Rhodes, Misses Mayme Smucker, Louise Hunter. The out of town guests were Mrs. Roderic Speer, Mrs. Harvey Gale of Coshocton, and Mrs. Dr. Hatcher of Dayton.

Miss Clara Sheldon of Granville honored Miss Grace Wilson of this city, who will become the bride of Mr. Homer Chamberlain of Toledo in September, with a shower on Friday afternoon. The appointments were delightful and a number of guests enjoyed the afternoon's entertainment.

### SHOEMAKER—SNYDER.

At 11:30 Saturday morning Dr. L. C. Sparks joined in matrimony Mr. Leslie Shoemaker of Bainbridge, O., and Miss Emma Snyder, residing south of this city. They are popular young people whose friends will be glad to extend best wishes. They will reside in Newark.

Mrs. F. S. Homer was the hostess of a delightful party Tuesday evening at her home in Mound street in honor of Mrs. R. S. McKay, who will make her future home in Columbus. The evening was spent on the spacious porches which were decorated with ferns and cut flowers and lighted with large Japanese lanterns. Guessing contests were indulged in and a dainty two course luncheon was served.

The guests were Mesdames R. S. McKay, T. F. Coulter, P. H. Conner, O. M. Burke, Earle Sayre, J. G. Hughes, S. R. James, Misses Emma Ankele, Alice McMahon, Ada Simms, Thora McDonough, Katherine Suter, Jessie Browne, Grace Davis, Anna Wiegand, Dora Brenstuhl, Bertha Horner and Eunice Hughes.

On Tuesday evening a merry crowd enjoyed a corn roast and marshmallow toast at "Picnic Rock." The picnic luncheon was enjoyed by the light of huge camp fires by Mr. and Mrs. Arthur R. Haines, the Misses Ada Snelling, Maude Lyda, Vera Clossman of Zanesville, Mr. Play Shirer Russell Long, Rodda Dysinger of Lancaster.

**KITCHEN POINTERS.**  
\*\*\*\*\*

The fact is often overlooked that it is not necessary to boil a whole egg to get the yolk for garnishing. Separate white and yolk without breaking the latter and poach it hard in salted water. The white can be saved for other uses.

In cooking peas and beans the water should be allowed to boil away to almost nothing. When the seasoning is put in this makes a delicious sauce.

To sweeten rancid butter melt the butter, skim it, then place a piece of light brown toast in it and in a few minutes the toast will have absorbed the unpleasant taste.

To cut brick butter for table use take a strip of oiled paper wrapping, place this on the butter and cut through. Cut in this way, butter does not break or stick to the knife.

There is nothing better than rice for keeping salt from packing in the salt shakers and refusing to come out. Heat a teaspoonful of the rice and put it into the shaker. It will absorb the moisture and the salt will come out dry as the sands of the desert and the rice will keep it moving when shaken.

## THE FORWARD-LOOKING WOMAN

VERSUS

## THE FIRESIDE WOMAN

By Barbara Boyd

### The Spirit of Labor Day

THE Forward-looking Woman bustled in, her face animated. "I like Labor Day," she said. "Though in its outward expression, it isn't yet all that it might be, the idea it typifies is fine."

The Fireside Woman shrugged her shoulders. "I don't see that it amounts to much, except to litter up the parks."

"Because some do not know how to use leisure when they get it is no reason that all should not have it," replied the Forward-looking Woman with spirit.

"A good many of the so-called leisure class do not know how to use their leisure to the best advantage either. I do not consider that objection to Labor Day at all sound. But I wasn't thinking of how the people use the holiday, but of what the holiday really stands for."

"What does it stand for?" asked the Fireside Woman. "I thought it meant only a chance to get out of work for at least a half day and to be good for another half day. The aftermath of a holiday is as bad as the holiday, so far as working is concerned."

"You get that idea because you are not interested in the world of work, but sit here reading hectic novels. If you only would join the ranks, you would find life a much more interesting proposition than you do now."

The Fireside Woman shivered. "No thank you," she said. "I prefer my fireside. Besides, you keep me in touch with all that is going on. And it is far more enjoyable to get it by proxy than by participation. I might not see as much myself as you point out to me. For instance, what is this wonderful ideal of Labor Day? I am sure I should never see it, even were I in the thick of the crowd making a speech."

"You'd see all right, if you got out where your vision wasn't shut in. For instance, underneath all this justification of Labor Day, you would feel the new spirit that has taken possession of labor. In the olden times, work was looked upon as a hardship, and the workers plodded along almost like beasts of burden unable to resist whatever loads might be piled upon them. But today, work is coming into its own. It is beginning to be looked upon as a privilege; and both men and women are beginning to see that under right conditions, the expressing of themselves through work is a joy. And on Labor Day, some of this thought finds expression and is lifting and leavening the whole mass of thought about the subject. And it is this that is to me so fine and encouraging. When we all see labor in its true light, when all the conditions affecting labor are what they should be, this world will be a much happier place for us all to live in. And so I like Labor Day for the spirit of it, like a great strong undercurrent, is flowing in this direction, and I think every one of us ought even though it be but in a tiny way, help forward this end."

## News From Over the State

### Dresses Shock Court.

Cleveland, Aug. 30.—Half a dozen girls who were in juvenile court yesterday for various reasons wore dresses that shocked Thomas L. Lewis, probation officer. The girls wore lownecked or peek-a-boo waists, sheathed skirts and silk stockings.

"Some of those girls are here because their fathers cannot or will not support them," said Lewis. "The girls do not look destitute, do they?" Many of the girls brought in to this court wear silk skirts. I believe the silk skirt is responsible for the large increase of delinquent girls."

### HELD ON TRACK AS A JOKE.

Youngstown, Aug. 30.—Some of the friends of Sam Stumm, employed at the Youngstown Sheet and Tube company, are alleged to have held him on the railroad tracks as a joke yesterday. He was held there too long, was unable to get up quick enough and was run over and killed by a train. No arrests have been made as yet.

### MAN OF 92 KICKED BY HORSE.

Mt. Vernon, Aug. 30.—Martin Horn, aged 92, the oldest resident in Knox county, was kicked by a horse yesterday afternoon and fatally injured. His breast bone was crushed and he was injured internally.

### HIT BY A WELL BLAST.

Zanesville, Aug. 30.—While John P. Bateman and his son, James W. Bateman, were looking into a well which they were digging on their lot yesterday, a charge of five pounds of blasting powder was exploded and both were struck by flying rocks. James suffered a gash on his forehead, a slight fracture of the skull and the father was badly cut about the face and neck. James, who is 25 years old, is in critical shape.

### ACCUSED OF EXTORTION.

Lima, Aug. 30.—James S. Gray, oil operator in the days of Lima's greatest oil boom and who gained much notoriety a few years ago by promoting a large scheme to drill for oil in Egypt, was accused of fraud and extortion in a land deal in a suit filed yesterday by Charles Martin, aged 80, and his sister, Mrs. Rosanna Franklin, 78, of Yoder.

### WILL FIGHT DISCRIMINATION.

Steubenville, Aug. 30.—Colored citizens of this county will petition the local liquor license commission to refuse a license to any saloon man who will not pledge not to put up race discrimination signs.

### TRYS DIVORCE AFTER 44 YEARS.

Xenia, Aug. 30.—After 44 years of married life, Lafayette Lucas of Champaign county, a former Greene county farmer, is suing for divorce from Susan Lucas. The wife is living in this county and her husband charges wilful absence. The oldest child of the couple is 42 years of age.

### NEWARK MAN IN MOTOR RACES AT MT. VERNON

Mt. Vernon has announced for its Labor day feature a fifty-mile automobile race, which will be started Monday afternoon. The races will be held on the half-mile track at Hiawatha park.

These races are of great interest because four of the men who will compete there were competitors in the automobile races in Newark on the Fourth of July and those races were hotly contested and intensely exciting. Two of these men who have entered the races at Mt. Vernon for Labor day are from Newark—A. L. Hess and Leo Carrigan. The other two competitors who raced so well at Newark in the Fourth of July event are Mt. Vernon men—Walter Lake and Percy Upham. There are also entries from Mansfield, Upper Sandusky and Delaware and some of these drivers have the reputation of being record breakers for this part of the state.

### AUTO CAUSES DEATH.

(ASSOCIATED PRESS TELEGRAM)

Delaware, Aug. 30.—Charles Linn, aged 40, a farmer, was killed shortly before noon Friday, when an automobile collided with his wagon and caused the horses to run away. Linn was thrown out and the wheel of the wagon passed over his neck, breaking it. The driver of the machine did not stop and not even the number was obtained.

### THE SEASON'S STYLE TIPS.

It is the fashion among the most chic of Parisian women not to wear corsets at all.

Rough materials, such as chevrons and chinchillas will be much used for autumn coats.

Tunic skirts increase in favor and separate skirts generally are coming to the fore.

Ornaments and tassels of every description are being used on the new clothes for fall.

The best way to get your name into print is to advertise.

### IF YOU WANT TO LOOK NICE

Remember that in dressing it is not by any means always the person who spends the largest amount of money who gets the best results. By buying carefully and keeping to one foundation color one can get excellent results with small expenditure.

A navy blue costume quite plainly cut is suitable for nearly every occasion, as it can be worn with a plain shirt blouse or with a smart one and a lacy neck arrangement. But don't, if you are having one made, insist on the latest revers if they happen to be colored; they will date the coat.

Never wear a shirt collar with a feathered hat. The latter must only be worn with lace or other dainty neckwear.

And don't wear thin gloves or patent leather shoes with a shirt blouse and hard felt hat.

Remember that a little money at the tailor's for pressing a costume is money well invested.

### FRANKLIN TOWNSHIP.

The many friends of James Taylor completely surprised him on Monday evening at his home, it being his 62d birthday anniversary.

Miss Sinal Swisher has been spending a few days at the home of Mrs. Sevilla Parr.

Bart Ewers is on the sick list.

The regular meeting of the Ladies Missionary society will be postponed until the second Thursday of September on account of State Fair. The meeting will be held at the home of Mrs. Cotterman.

Many a fellow never kicks himself without feeling that he is going back on his best friend.

### R. H. Millward, Young Explorer, Preparing for Yucatan Trip

R. H. Millward, the young explorer, is now preparing for a trip to Yucatan, where he will explore the ruins of some of the ancient Aztec and Toltec cities. He will chart a part of the interior of Yucatan for the Royal Geographical Society of London.

His party will visit the ruins of Pical, Yaxche, Yaxha, and Dolores, which are among the most interesting on the continent. Some of these ruins have been excavated for such a short distance that there is much left to discover, and it is probable that he will make some very interesting finds.

GOULD & MARSUEN

## First Things

The first attempt to explain psychological phenomena on physiological principles was made by Dr. David Hartley, the English philosopher, who was born 208 years ago today. In his great work, "Observations on Men, his Frame, his Duty and his Expectations," published in 1749 after patient investigation covering sixteen years, he elaborated his epochal theory. By the development of his law of association, and chiefly by the law of transference, he accounted for all the phenomena of the mental constitution. According to him, the white medullary substance of the brain, spinal marrow, and the nerves proceeding from them, is the immediate instrument of sensation and motion. When a sensation has been frequently experienced, it acquires a tendency to repeat itself spontaneously. Ideas are but these repetitions or relics of sensation, and in their turn recall other ideas. Thus the sight of an apple recalls an idea of its taste, and this recalls other associated ideas. In this way Hartley accounts for all human emotions.

Portland, Ore., is to have a great outdoor recreation organization, to be known as the Municipal Athletic Association.

## TURN THE CRANK AND WIN PRIZE READS PLACARD

"Turn the crank and win a prize for learning how much money your incorrectly operated cream separator is costing you each year."

This unique invitation will attract visitors to the dairying department of the Ohio state fair at Columbus. It is extended at the booth where the Stewart-Warner Spedometer corporation of Chicago is exhibiting a new cream separator speed indicator and conducting a "crank turning" contest. Substantial prizes are being offered for the visitor who, without timing himself, can turn the crank of the cream separator nearest to the speed at which the manufacturer of the machine intends it to be operated.

The average dairymen who is without positive means of timing believes himself a good guesser when turning the crank of his separator. Almost invariably he finds that his judgment is wrong. This is a costly matter, for tests have shown that a man who was turning his machine at 28 revolutions per minute when the manufacturer designated 45 revolutions was losing practically 50 per cent of the butter fat from his milk.

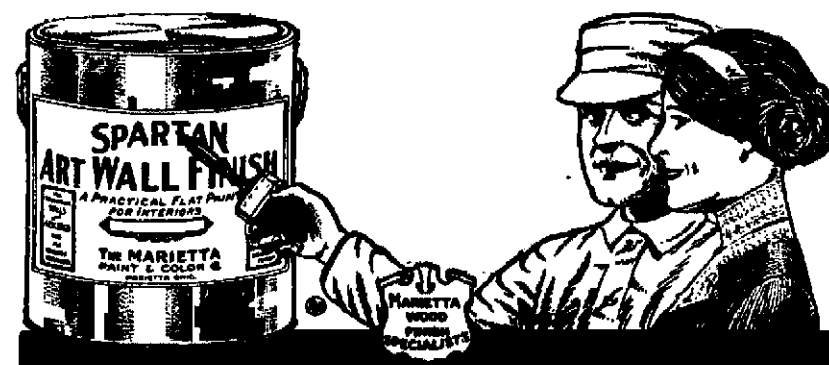

The representative who is in charge of the exhibit says:

"According to the last census report there was a waste of 1,621,795 pounds of butter throughout the United States in 1909 because of the lack of an accurate speed registering device for cream separators. The head of the dairy division of the bureau of animal industry declares that while the cream separator is the most economical method of skimming milk now in use, there is still a heavy loss in butter fat. This loss varies from two to fifty per cent."

## MAKE ONE AUTO EVERY MINUTE

The manufacture of 1,000 complete automobiles a day is a big proposition even for the land of big corporations and quantity production. Its effect on the foreign mind is bewildering. Some members of the Institution of Automobile Engineers last summer visited, as guests of the Society of Automobile Engineers, a factory in which the raw material, put in at one end, emerges at the other without a single backward step as a completed motor car. The president of the visiting body was asked to mark a cylinder with chalk during his inspection of the huge plant. An hour later, when he emerged from the last building, he could hardly believe his eyes when he found the cylinder he had marked doing duty with its three companions in the car that was to take him to luncheon. He thought that was pretty close to magic.—The World's Work.

DROWNED MAN IS IDENTIFIED AS PIKE LABORER

An employee on the Linville Pike, known as "Dynamite Bill," has been missing for eight days and his fellow workmen say that the description of the body found in South Park tallies closely with that of the missing man. Friday and Saturday a number of people made inquiries but none of them found the description given of the drowned man to agree with friends thought to be missing. Saturday morning a number of men working on the pike south of the city came to the foreman of the bridge gang and inquired concerning the body found Friday morning. They believe that it was the man nicknamed "Dynamite Bill." The workmen knew him only by this name.

"Bill" had been missing for eight days. He had three days pay coming to him when he disappeared the latter part of last week. Nothing is known concerning his relatives.

The fact that the workmen on the bridge saw the body Monday and did not take the trouble to bring it ashore is explained by a peculiar circumstance. Several of the men on the gang on the bridge watchman, made a dummy last week which had a plaster face and was so well gotten up that several people were fooled at the time. The men placed the body in the grass below the bridge and concealed themselves in the bushes and groined much to the horror of the night watchman who found the fake corpse with its head severed from its body. For several days the men thought this body found Friday was the dummy which the men had thrown into the water.

COBB GAINS ON JOE JACKSON

(Associated Press Telegram) Chicago, Aug. 30.—One little point is all that separates Ty Cobb from the lead among the American League batsmen. His average is .390, according to the week's unofficial figure and Joe Jackson's is .391. The Detroit man has made 124 hits in 319 times at bat, and the Cleveland slugger's record is 164 hits in 419 times at bat. Cobb has steadily gained on his rival in the last three weeks and next week may see him on top.

Three hundred hitters in the American League beside Cobb and Jackson are: Speaker, Boston, .371; Henrikson, Boston, .251; Lajoie, Cleveland, .336; Collins, Philadelphia, .340; McInnis, Philadelphia, .336; Baker, Philadelphia, .333; Gandil, Washington, .228; Schafer, Washington, .218; Dan Murphy, Philadelphia, .315; Strunk, Philadelphia, .313; E. Murphy, Philadelphia, .307; Crawford, Detroit, .303; Baumann, Detroit, .303; Shotten, St. Louis, .302.

Jake Daubert of Brooklyn, is the real leader among the batters of the National League with .359, though Pitcher Yingling, of the same club is ahead with an average of .385 for 29 games. Other National leaguers who are batting better than .300 are: Walsh, Philadelphia, .357; O. McDonald, Boston, .355; Cravath, Philadelphia, .350; Hyatt, Pittsburgh, .348; K. Miller, Philadelphia, .342; Viox, Pittsburgh, .339; Zimmerman, Chicago, .328; Hess, Boston, .317; Gibson, Pittsburgh, .314; Tinker, Cincinnati, .318; Becker, Philadelphia, .311; Sherwood Mace, Philadelphia, .309; Wagner, Pittsburgh, .304; Meyers, New York, .304; Shafer, New York, .302; Wheat, Brooklyn, .301; Fletcher, New York, .301; Huggins, St. Louis, .301.

Walter Johnson leads American league pitchers in percentage of games won and lost and Demaree and Humphries are on top in the National.

PRESIDENT IS DELAYED

(Associated Press Telegram) Springfield, Mass., Aug. 30.—Delayed two hours by the severe electrical storm that swept the Atlantic seaboard last night, the president and Mrs. Wilson passed through here shortly after 9 o'clock today en route to Cornish, N. H., for the week-end.

The president slept soundly notwithstanding the thunder and lightning while the train moved slowly through a steady downpour of rain. The president missed connections at New Haven and his car was attached as far as Springfield to an excursion special of a German singing society.

NO AUTHORITY TO MAKE DEED

At a meeting of the Board of Trade Friday evening called to discuss the matter of the ownership of the country club grounds now in dispute, the members of the board were unanimous in the opinion that the grounds should be held as they now are and that they should continue to improve the property and beautify the grounds that it might at some future date be made into a beautiful public park.

A resolution was presented and adopted to acknowledge the receipt of the communication from the commissioners and city council asking the Board of Trade to transfer the deed to the city and county before the expiration of five days and to state to the commissioners and council that the Board of Trade had no authority to make the deed over to them.

A resolution was also passed to leave the matter to Attorneys James Fitzgibbon, Edward Kibler, A. A. Stasel and Carl Norpell, and to empower them to take whatever steps they see fit in the protection of the rights of the Board of Trade.

ROOF GARDEN PROPRIETORS ARE ARRESTED

(Associated Press Telegram) Cincinnati, Aug. 30.—Warrants were obtained today by Superintendent Probst of the anti-saloon league, for the arrest of twenty-nine saloon keepers and the proprietor of a garden on the charge of violating the Sunday closing law by keeping their places open last Sunday.

This is the opening gun of the fight, Mr. Probst says, which within a few weeks will result in the closing of every place in Cincinnati where liquor is being sold on Sundays. Particular interest is attached to the roof garden warrant, as it establishes a precedent. The affidavits will be filed in the Municipal court.

"We still have a large number of saloons against which evidence has been secured and there will be more warrants in a few days," Superintendent Probst declared.

"Our men will be at work again Sunday. I do not care to say how many, but I will say that they will operate generally throughout the city and not confine themselves to any one part. Our object is to increase the number of prosecutions until every saloon in this city has closed its doors on Sunday. We are gathering evidence only on Sunday violations and for the present are not interested in other violations."

LOAD OF HAY BURNS IN STREET

A load of hay driven by John Woolard was burned on West Main near Sixteenth street, Saturday afternoon. Woolard unhitched the horses and the West End department put the fire out after a brief battle with the flames.

The board of public service is putting in a water extension on West Main street and are using a lead melting pot under which burned a hot fire. The pot was on the north side of the road at the point where the Granville car line is laid on the south side of the street. Traffic was forced to go on the north side of the melting pot between it and the ditch on that side of the road. Woolard stopped his team when he reached the fire but an automobile party behind, which could not see the flame, urged him to move on. Woolard made the attempt and the hay caught fire. When the flames were practically extinguished by the quick work of the West End department, Woolard hitched up again and drove up on Sixteenth street to relieve the blocking of traffic and the firemen put out the smoldering remnants of the fire.
